

Sample Bug Report

Environment: <https://support.com/>

Issue Overview: Date picker not displaying in the "Issued Date" field of the Upload Passport RP screen.

Steps to Reproduce:

1. Go to <https://support.com/test>
2. Log in as Traveler
3. Click the International Business Travel, Transfer, or Assignment tile
4. Populate all required fields
5. Click Check Visa Requirements
6. Click Start the Process
7. In the Key Information tile, click See Tasks
8. Open the Upload Passport RP
9. Populate all required fields
10. Click the Date Picker in the Issued Date field
 - **Expected Result:**
The calendar date picker should appear when the Issued Date field is clicked.
 - **Actual Result:**
Date picker does not appear. No error messages are shown on the UI, and the field remains inactive.
 - **Impact:**
Users are unable to proceed with submitting passport information due to the missing date input functionality.
